ABOUT PACKWELL

Packwell Manufacturing is the region's leading packaging company located in Umm al-Quwain, UAE, with a sales office in Dubai, specialized in providing innovative solutions by a skilled team for real-time challenges faced in the packaging industry.

Offering an extensive product portfolio and customizable options designed for every sector in the market, mostly including paper items, aluminium containers, hygiene products, and biodegradable solutions, we aim at reducing waste and promoting sustainability. We proudly serve in the consumer goods, retail, hospitality, and healthcare divisions, addressing issues such as compliance with hygiene regulations and the need for durable packaging.

Certified by ESMA, HACCP, and ISO, we maintain the highest standards of quality and hygiene. With a commitment to excellence, we have successfully delivered over 500 million products, making us a trusted partner in your packaging journey.

ALUMINIUM FOIL

Durable, heat-resistant,
and kitchen-ready.

Made from high-grade aluminium, the Green Line Foil offers excellent strength, flexibility, and tear resistance, making it ideal for baking, grilling, wrapping, and food storage. Its durable construction helps maintain food temperature and flavor while preventing contamination and leakage.

BURGER FOIL WRAP

Keep every burger hot, fresh, and delicious.

Our Disposable Burger Foil Wraps are designed to provide excellent heat retention, moisture control, and an appealing presentation for burgers, sandwiches, and other hot food items. Made from high-quality aluminum foil with optional paper lamination, they are the go-to choice for fast food outlets, food trucks, restaurants, and takeout services.

BIO-DEGRADABLE FOOD PACKAGING PRODUCTS

Sustainable, Safe, and Smart for the Planet

In today's world, where environmental impact matters more than ever, bio-degradable food packaging offers a responsible and effective solution. Our products are designed to serve your food packaging needs without harming the environment. Whether you run a restaurant, café, food truck, or retail food brand, our eco-friendly packaging helps you reduce waste, improve sustainability, and connect with environmentally conscious customers.

Bio-Degradable Round Plate

Bio-Degradable Bowl

Bio-Degradable Box

Bio-Degradable Oval Container

Bio-Degradable Tray With Lid

Bio-Degradable Portion Cup

Bio-Degradable -Cup Holder

BIO-DEGRADABLE

Bio-degradable food packaging is made from natural, renewable materials like cornstarch, sugarcane bagasse, bamboo, and recycled paper. Unlike conventional plastic, these materials break down naturally in composting environments, reducing waste and pollution.

PRODUCTS FEATURES

In a world increasingly aware of the environmental impact of plastic, bio-degradable food packaging offers a smart, sustainable, and planet-friendly alternative. Our eco-conscious packaging solutions are designed to serve your business needs while protecting the environment.

BLACK BASE MICROWAVE CONTAINER

Durable. Sleek. Microwave-Safe —
the perfect choice for reliable food packaging.

ROUND BLACK BASE CONTAINER WITH LID

Strong black base with a tight-fit lid for freshness and reliability.

Round Black Base Container with Lid is designed to combine elegance and performance for all types of food packaging. Featuring a durable black base and a crystal-clear lid, this container ensures secure storage, leak resistance, and excellent food visibility. Perfect for restaurants, catering services, and takeaway meals, it maintains food freshness and withstands microwave heating with ease. Ideal for hot and cold dishes, it delivers both convenience and a premium presentation your customers will appreciate.

PET JUICE CUP

Showcase your drinks in style

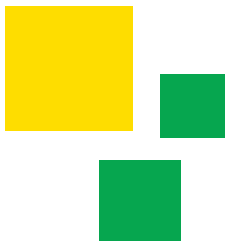

Juice Cups are the ideal solution for serving chilled beverages in style. Made from high-quality, food-grade PET (Polyethylene Terephthalate), these cups offer superior clarity and strength — showcasing your drinks with a premium look. Perfect for juices, smoothies, iced coffee, and soft drinks, they combine convenience, durability, and eco-conscious design.

General Guidelines for Use

Soak skewers/chopsticks in water for 30 minutes before grilling.
 Avoid direct flame or broiler use with wood/bamboo products.
 Do not microwave wooden utensils (they may dry out, crack, or char).
 Single-use items are not treated for prolonged high-temp cooking or reuse.
 For food contact only, not cookware.

Key Temperature Reference Points

Event	Temperature (°C)
Water Boils	100°C
Safe Use (Max)	~200°C
Charring Begins	~250°C
Ignition Point	~300°C

WOODEN & BAMBOO PRODUCTS

Sustainably Crafted. Naturally Beautiful.

Eco-friendly and cost-effective solutions for packaging and carrying your items

PAPER BAG WITHOUT HANDLE

Simple, strong, and
eco-friendly
the smart packaging choice.

Perfect for retail stores, bakeries, takeaways, and everyday use, they are easy to store, stack, and customize with printing or branding. Their minimalist design makes them eco-conscious alternatives to plastic bags, supporting sustainability without compromising convenience.
